A person stands on a dark, rocky mountain peak, silhouetted against a vibrant sunset sky. The sun is a bright, glowing orb on the horizon, casting a warm orange and yellow light across the sky and the distant, hazy mountain ranges. A large, diagonal graphic element, consisting of a teal and orange gradient, cuts across the image from the top left towards the bottom right, partially obscuring the landscape.

## ABOUT US

Constructing a building is not just about brick and mortar, it's about sculpting dreams and moulding aspirations. Founded in the year 1987, SRINIVASAN ASSOCIATES PRIVATE LIMITED (referred as SAPL), headquartered at Coimbatore, Tamil Nadu, has grown dramatically in both size and reputation over the last decades and now is a renowned Construction Engineering Company in this region. SAPL has a broad portfolio of successfully completed projects across a range of sectors including Residential, Commercial, Industrial, Institutional and Healthcare with projects in Tamil Nadu, Andhra Pradesh, Karnataka and Haryana. SAPL has built its reputation on their client focus and hands-on approach. SAPL is proud of the fact that the majority of its workload comes from repeat business and that it has a strong reputation for its competitive edge and reliable execution of all projects undertaken. This is achieved through its relentless attention to detail and an experienced team with the drive and customer focus to ensure client satisfaction is a given on all SAPL projects. SAPL has been adapting to the trends of changing times and continues to invest in modern business practices and

management techniques in order to ensure that it remains at the cutting edge of the industry. SAPL continues to build on its reputation with its focus firmly on growing the ability of the business to deliver in new and innovative ways. SAPL's ambition and goals, for almost 3 decades now, have always been to deliver quality projects and value for money to its clients; SAPL's success and reputation today have been testament to this wisdom and this professional outlook has made it a powerful brand built on a rock-solid foundation of quality, values and commitment to customer satisfaction.

SAPL has a wealth of experience in mixed use developments, new build and refurbishment, in design and build and other traditional forms of contracting. This experience combined with highly knowledgeable and experienced staff provides an extremely professional and competitive

approach. The skill sets required to deliver high end residential projects and to deliver commercial shell and core buildings are quite different and SAPL has repeatedly shown the ability to deliver both for clients on many high-profile projects. Successful project delivery stems from a very focused approach. Top Management's involvement is ensured on every project from start to finish, ensuring that issues are dealt with efficiently and quickly and there is strong quality control. At SAPL, we have our own fleet of plant and equipment which gives the ability to compete very aggressively in terms of our pricing structure. Our aim is to be our clients' first choice for construction related services. Customers and partners see SAPL as integral to their success. We will anticipate their needs and deliver on every commitment we make. Our people, our focus and our track record for delivery present a very strong case for choosing SAPL as the preferred construction partner.

# HEALTH & SAFETY

Our Top Management and staff are totally committed to the implementation and continuous improvement of the Integrated Management Systems governing our Health, Safety, Environmental and Quality Codes of Practice. These systems are living documents that are continually reviewed and improved in line with industry best practice. First and foremost, the guarantee of the health and safety of our employees and of all those effected by our construction operations is an absolute prerequisite for conducting any work at any time. We have developed our systems and procedures over many years based on these ethics. As a

result of this approach and investment, we have won many accolades and are ranked among the top performers in the construction industry in terms of the management of Health and Safety at Work.

We are proud of our management systems, which have been developed and constantly improved on for over a decade. They are an integral part of our management activity and are implemented through a comprehensive set of procedures and controls which are documented in accordance with ISO 9001:2015

---

## ENVIRONMENTAL MANAGEMENT

---

At SAPL, we contribute to our environments and develop structures which may last for long time. With this in mind, we are future centric in terms of the design and technology we apply. We recognise the importance of utilising the most modern and most sustainable materials within the construction process. We are proud to have built quite a number of iconic projects which have broken new grounds in terms of sustainable materials and innovative construction techniques. SAPL continuously strives to perform to sustainable best practice in construction in our mission to lessen our impact on our environment, and every new project for us is a challenge in search of a zero-carbon

footprint. The area of the provision of more and more sustainable and renewable buildings is constantly evolving and changing and we are operating in a very exciting and dynamic times.

SAPL continues to innovate with every project every day, continues to lead the way in terms of our approach to sustainability. We source our materials responsibly, we audit our supply chain to ensure compliance with our systems and procedures.

# QUALITY MANAGEMENT

Quality is of paramount importance to all team members at SAPL. We are continually evaluating and improving the level of service we offer our clients to ensure the reputation for quality on which we pride ourselves is maintained and grown. We are committed to providing

projects that are not just fit for-purpose, but which exceed expectation in terms of quality of build and functionality. Our reputation for both the quality of our project management and finished projects is achieved through our proven Quality Management System. Our

Quality system is an integral part of our company's management activity and is implemented through a comprehensive set of procedures and controls which are documented in accordance with ISO 9001:2015.

## OUR QUALITY MANAGEMENT SYSTEM FOLLOWS SIX BASIC PRINCIPLES OF QUALITY:

1. Provides for long-term quality control through established processes and systems.
2. Nurtures and guides our Quality Culture through its proven policies and procedures.
3. Successfully identifies and controls the quality standard and quality of design as defined by our clients.
4. Plans for Quality: Identifying measures of achieving the required quality, including construction methods, equipment, materials and personnel.
5. Insures for Quality: Encouraging all parties to "Work Together to Deliver the Best – First Time".
6. Provides for a process of continuous improvement correcting any potential quality deficiencies that may arise.

Our management structure and the responsibility of all our employees is explained in detail in our Management Manual. Our Quality system is an integral part of our existing management process which sets the high standards of co-operation required by all members of staff to ensure that the quality of service we provide to our clients is second to none. The purpose of such a Quality system is to "get it right first time every time". Our Top Management and staff are committed to driving this process actively to give our clients the satisfaction of knowing that we will deliver exactly what we promise.

## AWARDS / RECOGNITION

- SAPL has won the prestigious Vishwakarma Award 2010 for Best Professionally Managed Company Turnover < 100 Crore from Construction Industry Development Council, New Delhi.
- Felicitated by Dr. G. Venkatasamy Research Institute for completion of project of one lakh square feet area before schedule time and honoured by Dr. APJ. Abdul Kalam, Former President of India at a glittering function.
- CODISSIA (Coimbatore District Small Industries Association) Hall E was completed ahead of time to find entry in LIMCA Book of Records.
- Adithya Institute of Technology Phase-I of area 1,25,000 square feet was completed in 100 days. The management was very much pleased with the completion of work which in turn help them get AICTE approvals in time.
- Garnering all hospital constructions at Madurai through impeccable service and high-quality finishes.
- Conferred Achievement Award 2008 by Coimbatore Civil Engineers Association (COCENA), Coimbatore
- Received incentive from M/s. Govel Trust (Aravind Eye Hospitals) and Kannapiran Mills for successful completion of work on time.
- Received Safety Award for achieving 5,00,000 Safe Man Hours with zero incident at UoP Honeywell Technology Center, Gurgaon

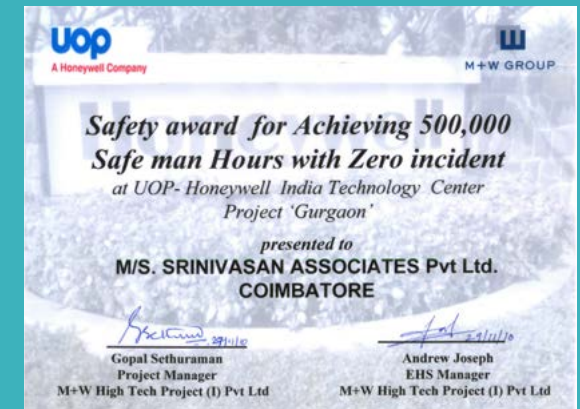

## WHY SAPL ?

- Over 3 decades of Experience, Reliability and Trust
- Market Credibility
- Integrity and Ethics
- Impeccable Quality and Safety Standards
- Centralized Logistics and Automation
- Own Major Plant and Machinery
- In-house Construction Technology Research

## CORPORATE SOCIAL RESPONSIBILITY

The Company has participated in all the developmental activities organized under the plank of Builders' Association of India Coimbatore Centre, of which the Managing Director was the Chairman. A notable and challenging achievement is the starting of School of Construction Artisans under Builders' Association of India. The birth of School of Construction Artisans was made possible to serve the twin objectives of promoting trained artisans in construction trade and uplifting the Below Poverty Line / rural poor youth earning his bread through work. As a Convenor, our Managing Director still pursues for the cause of the institution, in successfully running it and achieving the results.
